PRICE TWO CENTS

WRECK EPIDEMIC WILL CONTINUE

Interstate Commerce Commissioner Says the Board Should Have Power to Compel Safety

THREE FACTORS CAUSE SMASH-UPS

Poor Rails and Negligence Combine with Speed Mania to Bring On Accidents

WASHINGTON, Nov. 29.—"Poor rails, speed craze and human negligence" have taken heavy toll in human lives on the great railway systems of the country, according to Interstate Commerce Commissioner Clark. And because of the fact that the commission is impotent and unable to compel enforcement of its recommendations the epidemic of railway wrecks is likely to continue.

"What has been the cause of the recent epidemic of railroad wrecks, and what can be done to avert such cases in the future?" Commissioner Clark was asked these two questions today by a United Press correspondent.

Most Are Avoidable.
"The conditions are deplorable," he answered. "Most of the wrecks may be put in the class of 'avoidable accidents.' Poor rails, speed craze and human negligence are the causes."

The commissioner explained that the interstate commerce commission is powerless to prescribe adequate regulations to stop wrecks. He said the commission's recommendations have been generally observed, but that they cannot be enforced. He intimated that congress should give the commission more power to compel railroads to observe safety rules which are deemed necessary from the commission's many wreck investigations.

"Publicity of the causes of these wrecks is the greatest remedy, in my opinion, to make travel more safe," said Clark. "Another remedy is in the 'safety first' campaigns—some begun by the railroads themselves—to teach employees to put safety above everything—speed or revenue or anything else. Another great remedy is the 'double check' system, to make two men responsible for every order, having one man to check up and be sure that another performs his duty."

Flawed Rails Frequent Cause.
"Steels with flaws are the most frequent cause of wrecks. A committee of steel makers and railroad men is now investigating the manufacture of steel rails, to prescribe future specifications for safety."

"Demands from the public and the railroads for high speed are another fruitful cause. At the present time many trains are keyed up to their highest speed, with the maximum strain upon rails, engines, equipment and the men themselves. When even a slight defect in any of these equations occurs, something has got to snap. A terrible wreck is the result."

"But the human equation is another cause of wrecks—lapses of memory of train employees. I don't see how we can change this, as it has always existed, unless we put two men to insure obedience of orders to one man. A conductor forgets an order; an engineer runs by a plainly set signal; a brakeman forgets to close a switch. These are human flaws. Some, because of gross negligence, may be preventable, but others are simply inextinguishable, except as human frailties—a defect in the human machine."

Publicity Safe-guard.
"It may be that there are no more wrecks now than there have been in the past, considering the number of trains run and traffic, but there is more public attention given all rail casualties. This publicity, I believe, is the best modern safe-guard of travel."

WEATHER

For La Crosse and vicinity: Generally fair tonight and Friday; no decided change in temperature.

For Wisconsin: Generally fair tonight and Saturday; colder south portion tonight.

For Minnesota: Fair tonight and Saturday; not much change in temperature.

Weather Conditions
A belt of moderately low pressure extends from the north Pacific coast eastward into the lake region. Elsewhere the pressure is high. The temperature continues below the seasonal normal in the gulf, middle and south Atlantic states while in the middle and upper Mississippi valley and throughout the plains states the temperature is at or above normal.

The snow has ended in the Atlantic states and the weather is now generally clear. Rain or snow has fallen at a few lake stations and in Wyoming and fair weather has prevailed in all other sections.

The weather will be generally fair in this section tonight and Saturday without any decided change in temperature.

HICKEY CONFESSES MURDER OF BOYS

Suspect Breaks Down and Tells How He Killed the Two Little Lads

WROTE POST CARDS WHEN DRUNK

Murderer Blames Drink for Downfall and Says He Is Repentant

BUFFALO, N. Y., Nov. 29.—J. Frank Hickey of Quincy, Mass., recently arrested in New Jersey, has confessed to the murder of seven year old Joseph Josephs of Lackawanna, the crime of which he stands indicted.

He has also confessed to the murder of Michael Kruck, the young New York newsboy, ten years ago. The confessions came yesterday as the result of a conference by District Attorney Dudley with the man and were made public by the county prosecutor shortly after noon today.

Calmly and deliberately Hickey told the story of his crimes. He related the facts leading up to them calmly, but when he came to the actual tale of the murder he broke down and wept.

"Drink, drink, that's what caused my terrible downfall," exclaimed the man, as his face shook with sobs. "I've stood it as long as I could, but I've got to confess. O, the hell of my life has been since that time when late in the afternoon of October 12, I lured that little Syrian lad to his awful death."

"Yes, I wrote the postcards. I wrote them mostly when I was drunk. I drank to try and get away from my remorse, and for a time it seemed that I could forget it. But in these spells I used to become conscience stricken, though in a different manner, and write the cards, telling of my state of mind."

Joseph Josephs, aged 7, son of a Syrian merchant in Lackawanna, disappeared October 12, 1911. November 16 last the child's mangled body was found in the vault of an out-house near a saloon on the Ridge road in Lackawanna. The search of the police to that spot had been directed by the receipt of postcards and letters from some unknown writer from New York and Boston and at times during August, September and October.

The writer in his notes declared that he had outraged the child, had slain him and then had thrown the body into an out-house in Lackawanna. In several notes he declared that he had killed two other children.

Photographs of the postcards appeared in the newspapers and were recognized by several people as resembling the handwriting of Hickey, who had been employed in Lackawanna and Buffalo. These clues were followed up and led to the arrest in Whiting, N. J., where he had gone from New York to take treatment in the inebriate hospital at Kewick.

REID REPORTED ILL

LONDON, Nov. 29.—Following his unexpected absence from the American society's Thanksgiving dinner, Ambassador Whitelaw Reid was today reported on the verge of nervous collapse. The ambassador was not at the embassy and the rumor was for the time unconfirmable.

MEXICAN REBELS CROSS THE LINE

Band Threatens to Attack Three Towns in New Mexico and Citizens Arm Themselves

EL PASO, Tex., Nov. 29.—S. B. Davis, United States district attorney of New Mexico, is awaiting instructions from the Washington government, regarding an invasion of New Mexico by a band of Mexican rebels, according to dispatches from Albuquerque and Las Vegas today.

The advice says the invaders appeared early Thursday near the towns of Monticello, Fairview and Cuchillo, Sierra county, and at last accounts were threatening to raid these places.

The sheriff of Sierra county reports that citizens of three towns have armed themselves, expecting an attack. The authorities are marshaling supplies and a fight is feared if the Mexicans persist in their threats. It is expected the federal authorities will take cognizance of the situation immediately.

The Mexicans are being pursued today by three posses of citizens sent out from Hillsboro, Engle and Albuquerque. One of the posses is led by United States Marshal Secundio Romero.

The Mexicans are supposed to be bandits masquerading as Mexican rebels. They number 25 and are well armed and well mounted. The posse sent out from Engle has found traces of the raiders in the hills near there and a fight is expected today.

WEALTHY WOMAN RECLUSE KILLED

Crippled Old Lady Is Found Dead of Smoke Suffocation

SUSPECT IS UNDER SURVEILLANCE

Clothes of Victim Are Found Saturated with Oil; Is Worth \$500,000

NEW YORK, Nov. 29.—Circumstances discovered early today convinced the homicidal bureau of Brooklyn that the suffocation by smoke of Miss Octavia Fredericks, 70 years old, crippled recluse of great wealth, was not an accident and it was admitted that a man was under surveillance. His arrest was expected during the day.

With a Thanksgiving day dinner basting on the stove before her, Miss Fredericks was discovered dead from smoke, after fire of unknown origin had partly destroyed the three miserable and dirty little rooms where she lived over a barber shop in the midst of valuable real estate she owned on Hoyt street, Brooklyn. The death of the aged recluse, known as the "Millionaire Cripple of Hoyt Street," at first was thought to have been accidental, but detectives got busy and traces of kerosene were found on the unburnt garments of the woman.

About the time the suspicious kerosene stains were found, not an hour after the woman was dead, Antonio Orekonto, a barber, who occupied a part of the house and was injured in the fire, laid claim to the entire estate of Miss Fredericks, said to be worth \$500,000. She owned an entire block on Hoyt street and other real estate. The barber said she made a recent will, leaving him all her property.

Half a century ago Octavia Fredericks, then a young girl, came to Brooklyn from France with her mother, Cecelia, her sister Emilio and her brother Alphonse. Twenty-five years ago Alphonse died and the mother and sister went to San Diego, Cal., after quarreling with Octavia.

The barber was Miss Fredericks' sole agent. He collected her rents, bought her supplies and transacted all her business.

SEES TROUBLE IN TARIFF TINKERING

Sereno E. Payne Says Democrats Will Be Slow in Passing Duty Revisions

WASHINGTON, Nov. 29.—How the democrats will probably revise the tariff was outlined today in an exclusive interview to the United Press by Representative Sereno E. Payne, of New York, co-author of the Payne-Aldrich bill and ranking republican on the house ways and means committee. He predicted that the democrats would take up the tariff piece-meal. He also opined they would find their majority in the house, at least, too unwieldy for quick action.

"I do not believe the democrats will be able to revise the sugar schedule—at least to the extent of putting sugar on the free list for two years," said Payne. "There are too many democrats, particularly in the senate, who would vote against free sugar. The income or excise tax bill, which was linked with the free sugar bill, will probably fail as a result. The probable adoption of the income tax amendment will make unnecessary the substitute of such a bill."

"I think Representative Underwood will be wise if he takes up the tariff schedule by schedule, instead of attempting to pass a general tariff bill. In this way he can get votes in the senate for many schedules which he probably would lose on an omnibus bill."

"If the democrats do not pass practically the same identical sugar, cotton and steel and chemical bills as they passed through the last house, they will stultify themselves. They declared these bills in strict accordance with the democratic policy. They were held out to be for revenue only, without any protective features, and such as would not harm any industry. They said these bills were honest. If they are not passed again it will show that their new measures are dishonest."

TO ANNOUNCE POLICY

LONDON, Nov. 29.—Chancellor of the Exchequer David Lloyd George is expected to make his long delayed announcement of his land tax policy in the course of a speech is scheduled to deliver at Aberdeen tonight.

WOMEN'S SLAYER HANGED

SAN QUENTIN, Cal., Nov. 29.—Ed Williams, who murdered two women in Butte county while drunk, was hanged at the state prison here today.

EFFORT TO REVIVE WAR SCARE FAILS

Europe Refuses to Be Alarmed by Jingoism of Certain Interests

PEACE TERMS REPORTED SETTLED

Dispatch from Belgrade Says Turks and Bulgars Have Agreed

LONDON, Nov. 29.—According to an unconfirmed dispatch from Belgrade today the Turkish and Balkan allies peace representatives have agreed on terms. Turkey, said the message, is to retain the Chatalja line of the defense.

Want War Scare
LONDON, Nov. 29.—Vigorous efforts were made in various quarters today to revive the general European war scare.

Undoubtedly there are certain interests which want the public to believe a widespread conflict imminent. There are some which actually want the conflict.

Having once regained its reason, however, the public was not easy to drive into a fresh paroxysm.

Even the Serbian seizure of the Adriatic port of Duerazzo, which Austria has warned the Belgrade government it cannot keep, failed to create much of a flutter.

Neither was there any serious excitement over the war talk in the Russian duma. For one thing it was known that the kaiser has convinced the czar that it will not be to Russia's interest to fight.

Archduke Francis Ferdinand of Austria was also given credit for favoring a resort to arms. Emperor Francis Joseph opposes it, however, and the compromise with which the Austrian government received the news of the Serbian occupation of Durazzo convinced diplomats here that the emperor cannot be coerced and that the Austro-Serbian problem will finally be solved by peaceful methods.

No definite answer has yet been received to the proposition from foreign Minister of England Sir Edward Grey for a meeting of ambassadors to discuss the European situation, but it was generally believed that the powers will all accept the plan within the next few days.

Roumania Mobilizing

PARIS, Nov. 29.—Roumania has begun concentrating troops along the Russian frontier, according to a dispatch from Bucharest today. It was also said a general mobilization order was issued.

Roumania is friendly to Austria rather than to the Balkan allies—no so much from regard for Austria, as it fears the rise of Bulgaria's Power.

Close in on Adrianople

SOFIA, Nov. 29.—The Bulgarians were tightening their cordon around Adrianople today. As they close in they are insuring the retention of their positions by throwing up fresh encircling entrenchments. It is reported today that Turkish garrison, originally 40,000 strong, has been reduced by half.

Servia Makes Preparations

VIENNA, Nov. 29.—That Servia is making war preparations at top speed in anticipation of a struggle with Austria was asserted today by the Reichspost.

Boys who would not ordinarily be called to begin their military service until two years from now are being summoned to the colors, the Reichspost added and many Turkish prisoners of war are being induced to enlist. Several strategic positions on the Austro-Serbian frontier have been occupied by Servian soldiers, it was stated.

In occupying Durazzo, it was pointed out here, the Servians not only gave offense to Austria, but disregarded the Albanian chieftain's declaration of independence. A general rising of Albanians against them was consequently looked for.

The Turkish divisions on their way to relieve Adrianople were captured by the Bulgarians today.

VERY FEW LIONS ARE KILLED WITH BIRD SHOT.

Very few advertising successes are built upon cheap advertising space with its accompanying small circulation.

Many lions are killed with high power heavy loaded rifles.

Many more advertising successes are accomplished by high priced advertising mediums with large circulation than are accomplished in low priced small circulation mediums.

It isn't the price you pay, it's the results you get that count at the end of the year's advertising campaign.

NEW WATER PLANT OF CITY APPROVED

State Health Department Puts Official O. K. on Plans of the System

MAKE BUT MINOR CRITICISMS

Only Advise Firm Support of Pipes and Protection of the Reservoir

The official approval of the state health department was given the new water plant now in the course of construction in La Crosse today in a letter from C. A. Harper, secretary of the board, to City Attorney A. H. Schubert. According to the board's statement there are but few minor details in the plans worthy of criticism. Following the general commendation of the plans the board made suggestions as follows:

First—That the suction pipes leading from the wells to the sub-pumping station be supported in such a manner that will not permit sagging or breaking of the pipes and thereby loosening of the twined joints proposed by the engineers, either by timber or grillage, concrete foundations or piling.

Second—That the pipes leading from the sub-pumping stations to the low surface reservoir be supported whenever in the judgment of the engineers it is essential for the holding of these pipes in position, whenever the character of the soil requires it.

Third—That the reservoir be protected in such a manner that small animals cannot in any manner find entrance to the waters of such reservoir.

Fourth—the state board of health does not hold itself liable in any manner for any faulty construction or damages that may possibly arise in connection with the installation or working of this plant.

POSSES OPPOSE EACH OTHER

ELLWOOD CITY, Pa., Nov. 29.—In an effort to escape two determined groups of men, one with the avowed intention of releasing the prisoner and the other anxious for a lynching, officers hurried Alexander De Philippo, the slayer of Mrs. Dominick Suzilla, out of town today for the Beaver county jail.

STEEL DEADLOCK STILL UNBROKEN

Striking Trainmen and the Carnegie Company Both Remain Firm

PITTSBURGH, Pa., Nov. 29.—The deadlock between the striking trainmen and the Carnegie Steel company over the reinstatement of three men discharged for circulating petitions asking for consideration of wages and working condition improvement continued today.

The company seemed to have a little better of the argument today. The rail mill at the Edgar Thomson mill was started today. Nine of the locomotives were in operation.

The strikers held a short meeting to consider the importation of strikebreakers. The men still are holding firm and judging from the preparations the company is making in the way of guards and placing of loaded freight cars at advantageous positions, the company realizes that the trouble is not over by any means.

PITTSBURGH, Pa., Nov. 29.—Pensions for workmen maimed in the Carnegie Steel works, or for their widows and children, if they are killed, were suggested today to Andrew Carnegie, instead of pensions for ex-presidents, by A. P. Moore, editor Pittsburgh Leader, in a telegram sent the steel king.

SEARCH TRIAL WATCHERS

INDIANAPOLIS, Nov. 29.—Search of every unvouched for spectator, men and women, was made at the dynamite conspiracy trial today, following the precautionary measures that were renewed with the rebirth of interest in the case early last week. Possible cranks like the masked dynamiter of Los Angeles worry the officials more than hot-headed unionists, said Marshal Schmidt.

CALL MONEY 20 PER CENT

NEW YORK, Nov. 29.—Just before the stock exchange closed today call money was 20 per cent bid. Money has been quoted at twelve per cent on two days of this week, that being the highest figure reached in two years.

BARGE TURTLES; TWO DROWN

PORT HURON, Mich., Nov. 29.—The barge Hustler, carrying gravel between Port Huron and Windsor, is reported as having turned turtle at Algona drowning two members of the crew.

FIFTEEN THOUSAND REPORTED VICTIMS OF ISLAND TYPHOON

OWEN ARRESTED ON HIS WEDDING DAY

Minneapolis Girl Brings Charge Against Former La Crosse Boy

ASK FOR EXTRADITION PAPERS

May Be Taken to Minnesota for Trial; Was Married Here on Wednesday

Held on a "fugitive" warrant, which was sworn out before Judge John Brinkley in county court at the request of James Robertson, county attorney of Hennepin county, Minnesota, Will Owen, son of W. R. Owen, 515 North Twelfth street, is in Central police station awaiting the action of Governor Francis E. McGovern on what may mean his return to Minneapolis to face trial on a charge brought by Miss Gertrude Strickland of that city. Mr. Owen who was formerly employed in the National Bank of La Crosse, was married to Miss Mae Phillips, daughter of Mr. and Mrs. George B. Phillips, 1216 Avon street, at 11 o'clock Wednesday morning and he was arrested within half an hour after the wedding ceremony. His arrest followed a message from the county attorney at Minneapolis, which briefly stated the charge against him and requested that he be held until the authorities could take action in the case.

Going to Canada

Until the day before his wedding Mr. Owen was employed by the General Electric company of Minneapolis and it was during his employment in that city he became acquainted with Miss Strickland. He resigned his Minneapolis position to accept employment in Regina, Canada, and after his marriage to Miss Phillips of this city he intended to make his home in the Canadian city.

A request for extradition papers was filed with Governor Francis E. McGovern, at Madison, shortly after noon today and according to a long distance telephone message from the governor's office a hearing will be held on the request within a day or two. The fugitive warrant which was sworn out against Mr. Owen today accuses him of deceiving the Minneapolis girl and was obtained for the purpose of holding him until the governor has taken action on the crime of which he is accused, is an indictable offense in Minnesota.

Mr. Owen is well known in this city, having been reared and educated here. He moved in the best society and his arrest is a terrible shock to his parents and friends. His bride refuses to credit the charge brought by the Minneapolis girl. The girl whom he married day before yesterday is one of the most popular young ladies in the city.

Ask Extradition Papers

The dispatch containing information of the typhoon was sent Thursday. The governor-general informed the department that he was rushing a ship load of food and clothing and all available medical supplies to Tacloban. All telegram communication has been destroyed and it is impossible other than vague reports of the extent of the disaster. That Tacloban has suffered an enormous loss of life it is believed certain.

Hits Two Cities

The typhoon swept the Visayas Islands and is said to have practically destroyed Tacloban, the capital of Leyte, on the northeast coast of the island and to have wrought enormous damage and loss of life at Capiz, the capital of the Province of Capiz. Leyte has a population of 14,000. Capiz has a population of over 20,000. Capiz is the terminal of the railroad from Iloilo. It is a most important sugar port.

The scene of the disaster is just north of the destructive typhoon which swept the Visayas islands on October 15, inflicting a heavy toll.

Following receipt of the dispatch announcing the heavy casualties in the Visayas the Red Cross prepared to rush a relief fund to the governor general. The Washington offices has been told by the insular government how great is their need.

The war department will not order supplies sent to the Philippines until further information is received as to the extent of the damage. At Manila there are big military supplies, which it is assumed have been utilized for the sufferers.

TEACHERS DYING OF TUBERCULOSIS

Bulletin of Michigan Health Department Shows that 50 Per Cent Die of White Plague

In a bulletin issued by the state department of health of Michigan the assertion is made that out of the total number of school teachers of that state who have died between the ages of 25 and 30, 52 per cent of the deaths have been caused by tuberculosis. This is attributed to poor ventilation and insanitary conditions of the school room.

The bulletin, a copy of which has been received by Dr. J. M. Furman of the La Crosse health department, contains an urgent plea to the general public to use all means possible to fight the disease and draws a strong contrast of the precautions which are being taken to safe guard the health of the prisoner and the school child. It also contains photographs with diagrams of the sanitary conditions of a jail and a school house in the same county in Michigan in which it is shown that the jail is in excellent sanitary condition while the school is unfit for children to attend.

"BULL MOOSE" INSANE

WASHINGTON, Nov. 29.—Otis Geiger, who gave his home as Oakland, Cal., and who was arrested several weeks ago on a charge of sending threatening letters to a physician was adjudged insane by a jury here today. Geiger called himself "the original bull moose."

Tacloban and Capiz Are Said to Have Been Practically Destroyed

ARE CAPITALS OF TWO PROVINCES

Leyte Has 14,000 and Capiz Over 20,000 People; Are Important Centers

HALF POPULATION PROBABLY LOST

Bureau of Insular Affairs States that the Loss of Life Is Enormous

WASHINGTON, Nov. 29.—That fifteen thousand people were probably killed and wounded in a typhoon that swept the Philippine islands last Tuesday, was reported in cable dispatches to the bureau of insular affairs today.

News of the casualties came in a dispatch from the governor general of the Philippines. No figures of the dead and injured were given, but it was stated that probably half the population of two cities had been lost.

Hits Two Cities

The typhoon swept the Visayas Islands and is said to have practically destroyed Tacloban, the capital of Leyte, on the northeast coast of the island and to have wrought enormous damage and loss of life at Capiz, the capital of the Province of Capiz. Leyte has a population of 14,000. Capiz has a population of over 20,000. Capiz is the terminal of the railroad from Iloilo. It is a most important sugar port.

The war department will not order supplies sent to the Philippines until further information is received as to the extent of the damage. At Manila there are big military supplies, which it is assumed have been utilized for the sufferers.

Course Southeast

From reports received it appears that the typhoon swept from the east in a southerly direction, crossing the island of Leyte where Tacloban is located, going on to Panay and whirling south doing great damage along the coast of Mindanao. Iloilo, where the damage is said to have been even greater, is one of the most fertile of the Philippine islands, with vast sugar and hemp plantations. These are mainly owned by natives, although many former American soldiers are interested. Capiz is 250 miles from Manila and Tacloban 30 miles.

PROBE TRIPLE LYNCHING

BATON ROUGE, La., Nov. 29.—Gov. Hall today ordered an investigation into the triple lynching near Benton yesterday, when three negroes charged with attacking a deputy sheriff, September 10, were strung up to a tree. The negroes' bodies were not cut down until today. A score of men have been lynched in this section within the past two years.

TRADED IN EGGS

CHICAGO, Nov. 29.—Fred H. Esport of the Monarch Refrigerator company, today testified that Geo. W. Fitzgerald made \$6,527 profits dealing in cold storage eggs during the years 1907 and 1908. Fitzgerald is on trial in federal court charged with the theft of \$173,000 from the United States sub-treasury in this city.

SUFFRAGE BEATEN BY MICHIGAN

DETROIT, Mich., Nov. 29.—The constitutional amendment providing woman suffrage in Michigan was defeated by 594 votes, according to figures compiled in the secretary of state's office from every county.

Until the result is officially announced by the state board of canvassers on Dec. 10, it is said that no definite statement will be made by the advocates of the amendment as to what course of action they will next take up.

Plans are now being made in many districts to petition the legislature to resubmit the question in the spring election.

Over-Night Relief For Constipation

A Small Dose on Retiring and You are Well and Happy by Morning

It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring and by morning relief will come, without disturbance from sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who have suffered from constipation all their lives. Mrs. Elizabeth Terrill, Lamar, Ind., and many others will tell you that they have tried most things recommended for this purpose but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store for fifty cents or one dollar, the latter size being bought by families already familiar with its merits.

MRS. ELIZABETH TERRILL

Syrup Pepsin is mild, pleasant tasting and non-gripping. Mothers give it to tiny infants, and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal card will do—to Dr. W. B. Caldwell, 413 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.—Advertisement.

101 THINGS THAT "AGGIES" NEED

Balmer Prepares List of Useful Things County Farm School Teaches

Professor Frank E. Balmer of the La Crosse County Agricultural school gives an excellent insight into the various lines of work carried by the county farming institution in a pamphlet entitled "101 Useful Things Students Learn at the Agricultural School" which is being circulated throughout the county. The 101 things follow:

To believe in country life.
To believe in the dignity of labor.
To know that "Education is teaching a fellow to work or it's no good."
That "We learn to do by doing."

Farm Crops
To select, store and test seed corn.
To prepare land for crops and give needed cultivation at various stages of growth.

To harvest forage plants when the food value is greatest.
To improve crops by seed selection, use of superior varieties, and plant breeding.

To treat grains for smut.
To grow alfalfa and other promising forage crops.

To recognize noxious farm weeds by seed and plant and know how to eradicate them.

Soils
To know important soil types, their properties, and how to best handle each.

To survey and drain wet land.
To conserve soil moisture and prevent soil erosion.

To test soils for acidity.
To take soil samples for chemical analysis.

To maintain and increase soil fertility and determine fertilizer needs for soils.

Farm Management
What to consider in the choice of a farm.

To plan practical and scientific crop rotations.

To keep farm and crop records and determine cost of producing crops.

To manage a farm from a business standpoint.

Horticulture
To propagate, plant, and care for orchard fruits, trees, shrubs and flowers.

To select orchard and small fruit varieties adaptable to this region.

To plant and to know the cultural habits of all farm garden vegetables.

To make hot beds and cold frames and how to transplant.

To know the habits of birds and insects and their relation to agriculture.

To spray for the control of insects and plant diseases.

To propagate and care for house plants.

Animal Husbandry and Dairying
To know the characteristics and adaptability of all important breeds of farm live stock.

To select, manage and care for breeding stock.

To understand the principles underlying animal breeding and their application.

To grade up a herd.
To judge all classes of farm animals.

To know the value of various feeding stuffs.

To balance rations, and properly feed all classes of live stock according to their purpose and performance.

To rear and develop young growing animals.

To fatten animals for sale and for show.

To estimate the age of horses by the teeth and to recognize unsoundness.

To treat the common diseases of farm animals and test for those that are serious.

To operate the Babcock tester and dairy machinery.

To keep feeding and production records of dairy herd, to determine profitable producing animals.

To produce and market sanitary dairy products.

Poultry
To operate incubators and care for growing chicks.

To construct poultry houses.

To fatten poultry and manage the flock for winter egg production.

Mechanical Drawing and Carpentry
To draw floor plans and end and side elevations of farm buildings.

To read drawings.

TO BE PART OF BEST BRIGADE

Three Wisconsin Regiments Will Be in Thirteenth Division by the New Scheme

WILL RANK ABOVE ALL OTHERS

Second Brigade Will Be Best Outside of the Regular Army

MADISON, Wis., Nov. 28.—(Special.)—When the proposed tactical divisions for the organized militia become a reality, the First, Second and Third Wisconsin infantry regiments will be a part of the Second brigade of the Thirteenth division. This brigade, Wisconsin army officials declare, will rank above any other brigade outside of the regular army.

The war department has had the scheme of tactical divisions under consideration for a long time, so it is not new. Now that it has been submitted to the governors, however, it will probably meet unanimous approval, and the Thirteenth division will be: First brigade, First, Second and Third Iowa infantry regiments; Second brigade, First, Second and Third Wisconsin infantry regiments; Third brigade, First, Second and Third Minnesota infantry regiments; Fourth brigade, First North Dakota, First South Dakota, and Fourth Iowa infantry regiments; Cavalry, Troop A, First Wisconsin cavalry; artillery, Battery A, First Wisconsin artillery; Batteries A, B and C, First Minnesota artillery; field hospital, Company A, Iowa.

The proposed plan of assigning troops in one which is expected to meet with favor in the militia. It is said the Wisconsin troops would sooner be brigaded together than have conditions as they were in the Spanish war with two Badger regiments in Chickamauga, but in different brigades until they went to Porto Rico; another regiment in Alabama, and a fourth at Camp Douglas.

THORPE'S PLAYING WINS FOR INDIANS

PROVIDENCE, R. I., Nov. 29.—James Thorpe, one of the most versatile Indian athletes ever developed at the government school at Carlisle, Pa., closed his football career in a blaze of glory on Andrews' field Thursday, when the Indians, principally through their leader's individual play, defeated Brown, 32 to 0.

Thorpe was in nearly every play both on the offense and defense, made three of five touchdowns and kicked two goals.

His only failure of the day was in his endeavors to kick field goals, which were difficult because of the slippery snow covered field and wet

ball.

Brown rushed the ball to within half a yard of the Indians' goal line and Tenney went over, but there was no score because of offside play.

The playing of Capt. Ashbaugh and Crowther was the feature of the Brown game.

No Wife for Him.

"What do I want with a wife?" snorted Bachelor Bockwedder, on reading an old maid's reasons for not wanting a husband. "I have a game rooster that is vain about his fine feathers, a goat, that chews the rag, an aeroplane that gets me up in the air, and an automobile that keeps me all the time broke!"—Judge.

HOW ABOUT THE MISSING PLANK

Oscar King Davis, publicity manager of the bull moose, is "getting his" just now, all because he took it upon himself to clip the trust plank out of the third party platform. One wouldn't have imagined there could be such a row about a little thing like that. The mysterious disappearance of that plank has it all over the mysterious disappearance of the Mona Lisa as a turbulent sensation.

Davis defends himself by saying he cut it out because it was not adopted by the resolutions committee. Charles E. Merriam, Gifford Pinchot, Francis J. Heney, Henry Cochems, George Record and Dr. Charles McCarthy, who were there, insist the plank was unanimously adopted.

From what we know of his teachings, the one man whose theory would make a trust plank endorsing and strengthening the Sherman law unnecessary, and perhaps undesirable for political reasons, is Colonel Roosevelt. Davis now looks like a skeezick, but perhaps he is merely the bull moose's goat, the "fall guy," as it were.

Incidentally, our own "Doc" McCarthy is hot under the collar. Collier's had taken issue with T. R. because of his wabbly stand on the trusts. McCarthy, assuming the trust plank was in the published platform, cited it to Collier's and protested against the magazine's unfairness. Of course Collier's "made a monkey of him," and now the militant McCarthy is training a rhetorical battery on Davis and "waiting until he can see the whites of his eyes."

We hope everybody will keep heckling Mr. Davis until some truth-teller uncorks the facts.

NOW COMES THE HYPNOTIC SALESMAN

Many a man is now trying to find the cash with which to pay for goods sold him by the hypnotic salesman.

But this is merely preliminary to a wholesale campaign along the line of hypnotic suggestion, which, it is said, will revolutionize the art of salesmanship.

We have this on the authority of Jose Romtano, a Spanish salesman,

who claims to have found out how to teach others to sell goods by psychic suggestion.

He says there is no reason why a commercial traveler cannot make a country customer buy any amount of goods he suggests, merely by fixing his mind on the amount and then conveying the suggestion to the customer's mind.

He also avers that this same rule will apply equally well to retail salesmen waiting on customers. However, he bases retail salesmanship on another important fact. This is that the salesman should always remain standing and should prevail upon the customer to be seated. Then, as he says:

"No human being can think with his head raised, and this gives the salesman 75 per cent advantage."

This little story is passed along as a gentle warning to customers to be watchful and to remain standing unless they are plentifully supplied with the long green. Also it will serve to impress upon salesmen and saleswomen the truth that P. T. Barnum once so tersely expressed when he said the American people liked to be humbugged.

A GOOD ENTERPRISE

WILL CONSUMMATED

The successful work of St. Mary's Parish on behalf of its new school is admirable. It is characteristic of the Catholic that his devotion does not stop short of his purse. St. Mary's is not a rich congregation, but it is liberal and ambitious, given to emotion that responds freely to Rev. Father Condon's gift of inspiration. The courage with which the big task of establishing the new school has been prosecuted has enlisted the sympathy of people not affiliated with the church, and many of these have not confined their interest to benevolent thoughts. The whole world likes courage and adores success.

THE WILL OF THE PEOPLE

THE LAW OF THE LAND

One little piece of election news generally overlooked in the scramble was probably noted with chagrin by the president, for in a way it was as hard a slap at the executive as was his own defeat.

It will be remembered that the people of Arizona placed in their constitution a provision for the recall of judges. The president promptly vetoed the statehood bill, compelling Arizona to strike out the recall clause before it could have statehood.

But on the fifth day of November, 1912, less than two years after the Taft veto, the people of Arizona amended their constitution, restoring to it the exact clause the president had compelled them to cancel.

HOW MR. BRYAN WOULD UTILIZE EX-PRESIDENTS

Wm. Jennings Bryan, always to be depended upon to furnish food for thought when there are no live issues to be discussed, has now come out with a new idea in legislative procedure.

Mr. Bryan does not believe that the only good president, like the Indian, is a dead one. Instead, he would give ex-presidents, ex-vice presidents, and ex-speakers of the house of representatives, admission to the floors of the two houses of congress, with the privilege of debate, but not of voting. In explanation of his theory he said:

"The question is often asked, 'What shall we do with our ex-presidents?' Now that we will soon have two ex-presidents, and two ex-vice presidents, it might be worth while to consider what means could be employed to utilize their experience and accumulated information. It seems to me that the nation might avail itself of their services and at the same time afford to them a dignified means of keeping in communication with the public."

"It has occurred to me that both these ends could be attained by a law giving an ex-president the privileges of the floor in debate, in both houses. The ex-vice presidents should have the same privilege in the senate, and I see no reason why the same rule might not apply to the ex-speakers of the house of representatives."

But wouldn't it be necessary to have an extra sergeant-at-arms should ex-President Roosevelt and ex-President Taft attempt to take part in debate on the same day? Otherwise, the idea is a good one.

Vincent Astor says he is too busy to fall in love. This seems a shame, as Vincent is one of the few who can really afford it.

If Dr. R. E. Doolittle is really appointed head of the bureau of chemistry, it may be presumed that there's nothing in a name, after all.

Quips and Cranks and Wanton Wiles

Hunting Song

Forward! Hark! Forward's the cry!

One more fence and we're out on the open!

So to us at once if you want to live near us—

Follow them, hark to them, darlings, as on they go,

Leaping and sweeping down into the vale below;

Cowards and bunglers whose heart or whose eye is slow

Find themselves staring alone.

So the great cause flashes by: Nearer and closer its purposes open. While louder and louder the world echoes cheer us;

Gentlemen, sportsmen, you ought to live up to us.

Lift us and lead us and halloo our game to us—

We can not take the hounds off, and no shame to us—

Don't be left staring alone!

—Charles Kingsley.

Stop Baby's Skin From Chafing

Your baby will not chafe if you powder its tender, delicate skin with this wonderful, new discovery—the powder that won't rub off—but "lays" to the skin in a smooth, velvety film.

Not a talcum powder—contains no talc—no grit—no acids.

Because KUCO No-Chafe Powder does not rub off—it protects baby's skin from scalding chafe and all irritation by the garments.

The only powder that stays on the skin—and so not only prevents chafing, but keeps the acids of the urine from penetrating the delicate skin and torturing baby to agony.

Based on a principle used in leading maternity hospitals and by advanced obstetricians. Talcums and ordinary toilet powders rub off at the slightest touch—and are immediately obliterated by moisture.

Kuco is the only powder that stays where you put it—a protecting, but almost invisible film that keeps baby's skin dry and comfortable. Prevents all friction between the skin and the diaper.

Kuco relieves and prevents prickly heat—soothes and shields baby from head to foot. Kuco is baby's only perfect toilet powder—a truly marvelous discovery.

Sold by all good druggists, at 25c a box, with revolving sifter top.

DANGER MARK NOW PASSED

In Condition of Mrs. Hibbs, According to Advices from Morton's Gap

MORTON'S GAP, Ky.—"I was taken sick, and confined to my room and bed most of the time, for ten months," writes Mrs. Louise E. Hibbs, of this place.

"I had ulcers and then a tumor. The second doctor who treated me, said the last chance was an operation, to remove the tumor, and when the third doctor was called in, he told me it was serious and that it was doubtful if I would recover.

"I couldn't consent to the operation, so I decided to try Cardui. When I had taken two bottles I felt better. In two months I could go about and do light housework. Now I feel well, and the tumor is gone.

I do heartily recommend Cardui to suffering women. I am sure it will cure."

Cardui acts gently on the womanly organs, and has a strengthening effect on the entire womanly constitution. For over half a century, Cardui has been successfully used by many thousands of women, for the numerous ailments peculiar to their sex, also as a general tonic, for building up their strength.

So, if you suffer from any of the ailments so common to women, or if you need a good tonic to build up your strength—don't wait longer, but do as they do—take Cardui. Begin today.

It will surely help you, as it has so many others.

BRANDENBERG HAS HIS HAND SMASHED

May Lose Finger as Result of Rail Falling; Work Train Starts

An accident marked the starting out of a C. M. and St. P. work train which began work this morning when Ed Brandenburg of North La Crosse was injured by having a rail fall on his hand as a result of which he may lose one of the fingers on his right hand.

Mr. Brandenburg, who is employed as a section man by the Milwaukee road, was loading rails on a flat car when one of them fell on his right hand. His whole hand was badly scratched while one of the fingers was so badly smashed that it is feared that he may lose it. Dr. F. C. Suiter was called to attend to his injuries immediately after the accident occurred.

Twenty-one men are on the crew of the work train which started out early this morning. Seven flat cars made up the train which will work on the railroad between the south side and Grand Crossing for several days. The work will be in the railroad yards.

PRIMA DONNA IS VODVIL FEATURE

Mrs. Chilson-Ohrman the Headliner on Great Holiday Bill at the Majestic Theater

Thanksgiving offerings at the Majestic matinee and evening performances were of unusual interest on account of the appearance of Mme. Chilson-Ohrman, soprano. The lady has a lyric soprano voice which she uses with unusual musical taste and skill. Mme. Ohrman sang three numbers, the celebrated waltz song from Guonod's Romeo and Juliet, "My Lullaby," by Thayer, and "Will of the Wisp," by Spross. "The Last Rose of Summer" was given as an encore. Unfortunately the orchestra parts for the songs had not arrived in time and Mme. Ohrman had to sing the first two numbers with piano accompaniment only. Mr. Chas. Weiss played the piano parts in his usual accomplished style and the orchestra parts will doubtless be on hand for the performances today, Saturday and Sunday. Mr. Koppberger has by the engagement of this distinguished vocalist given new evidence of his progressive policy and deserves the special thanks of the music and song loving part of this community.

"Polonaise," one of Mrs. Chilson-Ohrman's best numbers, was not used last night because the orchestrations had not arrived. The song will be used this afternoon and this evening, however.

The holiday bill at the Majestic is one of unusual class. In addition to Mrs. Chilson-Ohrman, the famous "Five Columbians" are back. Mr. Caro Miller and his family were given a reception when they opened yesterday that proved their act was well remembered. The act has been changed and improved since it was here last season, and little "La Marilyn," petite premier danseuse, again captivated the house by her fairylike dancing. In her grotesque dance and her funny impersonation of Miss Besse McCoy singing "Daffydill," Miss Marilyn was even more of a success than at her previous appearance here. The act will be remembered as being one of the most graceful and beautiful that has appeared at the local house.

"Karl," the man with the one-string cigar box fiddle, is another character on this last half week's bill familiar to local people. "Karl" first appeared in La Crosse when he was a traveling salesman, and took his fiddle on at the old Bijou on amateur night. The tones he manages to draw from the dilapidated old instrument are wonderful. It is something between a cello and a violin in tone, and under his expert fingers whistles like a bird or talks like a woman. Classic and rag-time are all in his repertoire.

Ford and Hyde have a funny dialogue, "At Clifton Corners." The act is replete with the wit that flows when a city girl meets a shrewd Yankee farmer, and went well last night. The male member of the team is an excellent impersonator of a "rube," having the nice instinct not to overdo the mannerism.

Don Ramsay's Harmonists are a trio of young men with excellent voices and a knack of pleasing harmony singing. They have interpolated a bunch of good laughs in their act as well as charming music.

NEW YORK TO TAKE DRASTIC ACTION TO KEEP BABIES OUT OF THE STATE'S CANNERIES

NEW YORK, Nov. 29.—Drastic prohibitory laws which will do away with the employment of babies in the canneries of New York state; with the working of women in iron foundries, and with general abuses in connection with the employment of women and children will be the first legislation by the incoming state legislature. Robert F. Wagner, democratic leader of the state, senator and chairman of the commission which has been investigating factory and working conditions throughout the state, declared today that his commission will have its report ready soon after the legislature meets on January 1 and that it will offer important remedial legislation.

One of the laws will be along the line suggested by Miss Mary Chamberlain—the young college graduate who has been investigating the canneries of the state for the benefit of the commission—that the canneries be brought under the supervision of the state department of labor. If this is done, employees can be worked only sixty hours a week.

TRAINMEN LEAP FOR THEIR LIVES

Milwaukee Passenger Collides with Freight Engine in Milwaukee Yards

MILWAUKEE, Wis., Nov. 29.—Four men narrowly escaped death, and passengers of Train No. 23, on the Milwaukee road, were thrown into a panic when the train, going twenty miles an hour, crashed into the rear of a freight engine in the North avenue yards of the road at 6 o'clock Thursday night. The engineers and firemen of both trains jumped when they saw the impending disaster, escaping with a few bruises.

The tender and boiler of the passenger engine were badly smashed, as was also the cab of the freight engine, and both were derailed.

The passenger train left the Milwaukee station at 5:45 o'clock and should have had the right of way, according to officials of the road. The freight engine had been helping to put a train on a siding to clear the track for the passenger and the crash happened just as it was backing into a switch.

James Connolly, passenger engineer, says that Olaf Anderson, his fireman, was shoveling coal while he was fixing a disabled part of the machinery.

"Neither of us saw the train ahead until we were less than 100 yards away," he said, "and we were going nearly thirty miles an hour. All I could do was to yell to Ole to jump, to slam on the brakes, and then to leap myself. I heard the two engines crash together just as I hit the ground."

"Patrick Donnelly, my fireman, and I saw the train coming when it was about 200 yards away," said Frank Miller, engineer of the freight engine, "and we yelled and then jumped."

CLEANS THE HAIR AND MAKES IT BEAUTIFUL—25 CENT "DANDERINE"

In a few moments your hair looks soft, fluffy, lustrous and abundant—No falling hair or dandruff.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Advertisement.

New Way to Make Apple Dumplings

Served With Hard Sauce or Cream and Sugar

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

K C Apple Dumplings

One and one-half cups sifted flour; 1/4 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; 1/4 cup shortening; about 1/4 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three tablespoonfuls of water into each cup. Sift together, three times, the flour, salt and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving it a smooth exterior. Let bake about twenty-five minutes. Invert the pan on a large serving-dish. Put a spoonful of hard sauce over the apple in each dumpling and finish with a grating of nutmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K C Cook's Book, which may be obtained free by sending the colored certificate tucked in every issue of K C Baking Powder to the Jackson Bros. Co., Chicago. Be sure to get the 25-cent size—smaller cans do not contain Cook's Book certificate.

BOYS ENJOY FIRST SKATING OF SEASON

That the ice skating season is at hand was evident this morning when the first skaters of the year were seen on the marsh east of the causeway. Several small boys were skating on the ice which covered a small pond there and they were apparently enjoying the great winter sport to the utmost.

WORST STOMACH TROUBLE ENDED
"Pape's Diapepsin" gives instant relief and the relief lasts

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief. This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store. These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.—Advertisement.

Soap leaves a greasy film on glass, which is hard to remove; the following method of washing will, however, make glass crystal clear:

Take a wooden tub, or pad the metal sink with soiled glass-linen towels, or any soft piece of cotton. Wash the glass in warm suds, made by dissolving a teaspoonful of Gold Dust washing powder in a pan of hot water; use a soft brush to clean surface, then rinse in water of the same temperature.

After the glass has been carefully dried on glass linen, use a camel's hair brush to polish the cut surface.

READY FOR RENEWED DEMAND

New Consignments of Dictionaries to Be Distributed—Popularity of Great Offer Increases.

"Battle-scarred heroes." That phrase once brought unpleasant notoriety to a well-meaning man who failed to write what he meant and found through bitter experience what the omission of one letter may mean in a written word. Could the same thing happen to you?

If so, why? With the New Modern English 1912 Illustrated Dictionary at your elbow you can avoid such pitfalls as writing "angle" when you mean "angel." Some person might take offense at being called "a perfect angle."

Think of what a vast difference there is between "stationery" and "stationary," "planning" and "plaining," and the hundreds of other comparisons which can be called from a dictionary. Then clip six consecutive coupons from issues of The Tribune and prepare yourself to avoid mistakes and trouble.

The intelligence of the public is but one of the principal elements which made the distribution of the entire edition of the New Modern English 1912 Illustrated Dictionary seemingly a most simple task.

The other element is the sterling worth and beautiful appearance of the book itself. A restaurant cashier in one of the best patronized lunch rooms in the city testified to this the other day when it was remarked that she had a New Modern English Dictionary lying beside her cash register.

"I was one of the first to get one," she said, "and I want to tell you that that book has started many persons clipping coupons. They are surprised as soon as they see it. 'I am coming around to get another one for my sister and I think I'll just let that one stay here for the present, because I surely wish The Tribune all the luck in the world.'"

The describer of dictionaries thanked the young woman for these few kind words and went on his way, thinking how poor his powers of description were as compared to the convincing influence of exhibition of the dictionary itself.

If you don't believe every word of it, come to the Dictionary Department and be convinced. You may examine the books all you want without taking one. We want you to start clipping coupons.

Miss Maud Boyd is in Chicago, where she is studying music.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism, and Serious Diseases Follow

There are other symptoms, such as pains in the region of the kidneys, nervousness, dizziness tired and worn-out feeling, weak bladder, painful, scaldy, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's Disease, Dropsy, or Diabetes.

It is not only dangerous, but needless, for you to suffer, and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery. There is no more effective remedy known for the permanent cure of all forms of kidney, bladder trouble, and rheumatism, than this new scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings, cleans out the clogged pores, neutralizes and dissolves the poisonous uric acid and waste matter, that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxone a day, for a few days is often all that is ever needed to cure the worst backache or overcome disagreeable urinary disorders, and you can take it with the utmost confidence that nothing on earth will so quickly cure the worst case of kidney, bladder trouble, or rheumatism. You will find Croxone different from all other remedies. There is nothing else like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first class drug store. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.—Advertisement.

BOATHOUSE TROUBLE FINALLY SETTLED

An agreement was reached between John P. Salzer and the committee on judiciary and wharves relative to the controversy between Mr. Salzer and the board of public works on the removal of the Salzer boathouse at a meeting Wednesday evening, whereby the boathouse will be moved without the necessity of a lawsuit. The quarrel arose when Mr. Salzer was given twenty-four hours in which to move the boathouse by the board of public works and the owner refused to comply with the order. When the committee pointed out the advantage to the city which would follow by the use of that part of the river for the city dredge, Mr. Salzer immediately agreed to move the boathouse.

LA CROSSE BEATS OLD RIVALS 36-7

Spartans Are Handed Beat-
ing by Local Highs Who
Win a Decisive
Victory

HIGHS RALLY IN THE LAST HALF

Seiler's Eleven Scores Four
Touchdowns in the Lat-
ter Part of the
Game

Playing their opponents off their feet in the last half when they came back with a strong attack which gave them four touchdowns, La Crosse won a decisive 36 to 7 victory over the Sparta football team when these eleven met at League Park yesterday afternoon. The work of the local boys in the last half gave them a brilliant victory over the Spartans and the score by which they won was the largest which has been made in a Sparta-La Crosse game in recent years.

When time was called at the end of the first half La Crosse was in the lead by the narrow margin of two points but in that period the teams were playing almost even and the locals realized that they would have to score more in order to win. The score at the end of the first period was 9 to 7, La Crosse making a touchdown and a field goal while the Spartans kicked goal after their only touchdown.

After the beginning of the second half La Crosse played a much stronger game than they showed in the first half and it did not take long for them to make another touchdown and finally to leave the Spartans far behind. La Crosse put up a wonderful game of football in the second half both their attack and defense being excellent in that part of the battle.

La Crosse made their first touchdown early in the second quarter. The first quarter ended with La Crosse having the ball one yard away from the Sparta goal and several line plunges then sent Strum over with the first score of the game. Later in the quarter Strum kicked a great field goal from the Sparta 30 yard line making the local count nine.

Jefferson, a brother of the famous Jefferson of several years ago, was responsible for the only Sparta touchdown as he took the ball in the first half and ran twenty yards to the goal line. He ran was a fine one as he did some great dodging getting past four local men who could not hold him. Sparta threatened again at the end of the game when they ran the ball up to within three yards of the local goal when time was called.

Captain Wiebrecht, Strum, Zeisler, McCahan, Dickens and Reget were among the local stars while Captain Evans and Jefferson did wonderful work for the Spartans. Wiebrecht gave a great exhibition of nerve when he went into the game in spite of the injuries he sustained earlier in the season and did great work. Strum's generalship was great, his punting and running back of kicks was superior to that of Sparta and he made several good gains. Zeisler was a consistent ground gainer while Reget showed up in fine style at halfback. He threw one forward pass which was well executed in addition to making a touchdown and running back a punt in fine style. Captain Evans was the best groundgainer for Sparta, while Jefferson showed up next four plays and secured the ball on downs. Sparta advances the ball fifteen yards on a series of plays, but is forced to punt. The pass is poor and LaCrosse downs the punter before he is able to kick. Zeisler, Feinberg and Strum pierce the line for ten yards. Sparta recovers Feinberg's fumble on the next play, the ball being now on the Sparta thirty yard line. A delayed pass by Nichol nets ten yards. Sparta is penalized fifteen yards for holding in the line. Again Sparta is forced to punt and again the pass is poor and La Crosse takes the ball on the Sparta twenty yard line. Two line plunges by Zeisler and a tackle around play by McCahan advances the ball to the ten yard line. Strum adds five over center. Zeisler takes the ball over tackle to the two yard line and Strum is downed about a foot from the goal line as time for the first quarter is called. Neither team has scored. On resuming play, Zeisler goes over tackle for the first touchdown of the game. Noem misses goal. Score: La Crosse 6, Sparta 0.

Strum Scores Field Goal.

Evans of Sparta received the kickoff on his twenty yard line and makes a magnificent return to the well at quarterback.

A crowd of about 2,500 people witnessed the game, Sparta sending a large delegation here to root for their team. The local cheering section supported the highs in fine style the cheerleaders keeping the rooters cheering throughout the game. The old rivalry between the schools was apparent and the La Crosse rooters were a happy crowd when their team clearly outplayed the Spartans.

Captain Wiebrecht of La Crosse won the toss and chose to defend the west goal, which gave his team a slight advantage, as the wind favored them. McCahan received the kickoff on the ten yard line and returned five yards. Three fumbles in succession by McCahan, Wiebrecht and Strum lost five yards for La Crosse. Strum punted over the Spartans' heads and they recovered the ball on their thirty yard line. Two plays over right tackle by fullback Evans netted three yards. Nichol punted to Strum in the center of the field. The locals tried two shift plays which netted nothing, and Strum punted. A Nichol

took the ball around right end for ten yards and a delayed pass and a shift play to the right advanced the ball to the Sparta 40 yard line. Sparta was unable to gain on the next three plays and were forced to punt, the ball going out of bounds on the local 30 yard line. Zeisler plunged for five yards on a delayed pass and Strum three on a wing shift. Wiebrecht makes it first down on a cross buck. Strum went over center for two yards, a split formation adds three, Strum repeats over center, making it first down again. Wiebrecht and Zeisler gain ten more.

La Crosse Penalized.

Strum adds five yards, but La Crosse is penalized for offside play. Zeisler nets fifteen yards by two plunges over each side of the line. Sparta strengthens and holds on the 45 yard line. The first forward pass of the game was attempted by Sparta but it was not complete. Two more plays, one a spread formation, netted nothing and Sparta punted to Gardner, who returned fifteen yards. The ball was in dangerous La Crosse territory and Strum punted, Evans fumbled and a La Crosse man recovered. The ball was advanced from the Sparta 30 yard line to the fifteen yard line. A forward pass by Strum to Renner was intercepted by Jefferson on the Sparta goal line, and Renner tackled him, carrying him over the goal line. Referee Tanberg declared it a touchback and the ball was put in play on the Sparta twenty yard line. Sparta was unable to gain and they punted to Strum, who returned ten yards. McCahan, Zeisler and Gardner added ten more yards in three plays. Strum adds ten more on a wing shift. Dickens and McCahan make ten yards on tackle around plays. The ball was now on the Sparta 25 yard line. Strum dropped back for a drop kick which was successful, the ball going straight over the center of the cross bar. Score: La Crosse 9, Sparta 0.

Sparta Touchdown.

Sparta returned the kickoff from the 20 to the 30 yard line. Two shift plays failed to gain the required distance and Sparta punted to Strum, who returned ten yards. Gardner fumbled on the next play and Sparta recovered. Terrific line plunging by fullback Evans on the right side of the line took the ball to the local 20 yard line. Jefferson then pierced the local center and evaded five local tacklers, going over directly under the goal post for the only touchdown scored by his team in the game. Nichols kicked goal. Score: La Crosse 9, Sparta 7.

La Crosse received the kickoff and returned it to the 40 yard line. Several line plunges were tried but proved unsuccessful and a forward pass by Strum to Zeisler netted 20 yards just as time was called for the first half.

Sparta received the kickoff at the opening of the second half on their 40 yard line and returned it to the center of the field. Evans was tried at the local line three times in succession only to find it a stone wall. Strum returned the punt 10 yards. Zeisler and Strum added 20 yards on the next four plays. Zeisler goes through center on a delayed pass for 15 yards. La Crosse was unable to gain on the next three wing shifts and Strum punted to the Sparta 10 yard line. Evans again plunged through the local line for three long gains. Sparta was penalized for holding and punted to Gardner. Bruha took the ball around end for 10 yards. Reget, the local diminutive half back entered the game here, taking Gardner's place and he certainly did good work. A forward pass, Reget to Zeisler, netted a long gain of 30 yards. Strum took the ball over center on the next play for the second touchdown of the locals. Noem kicked goal after Zeisler heeled the kickoff. La Crosse 16, Sparta 7.

Third Local Touchdown

Sparta returned the kickoff from the 10 to the 20 yard line. Evans gains 20 on the next two plays and time for the third quarter is called with the ball in the center of the field.

Sparta now threatened to show some of her pet plays and fancy forward passes but none of them were successful and they punted, the ball going straight up in the air. On a shift and over center Strum gains 20 yards. Dickens adds 15 on a tackle around play. On a repetition of the same play Dickens goes over for a touchdown. Noem kicked goal. La Crosse 23, Sparta 7.

Sparta returns the kickoff to the 30 yard line. A forward pass over the boundary line gives the ball to La Crosse on the 45 yard line. Several plays netted La Crosse ten yards as the third quarter ends. Strum fumbled the ball at the opening of the

CONGRESS TO CLEAN UP ON OLD PROGRAM

But Little New Legislation
to Be Introduced at
Short Session, Says
John J. Esch

That the short session of congress which opens December 2 will be occupied almost entirely with the consideration of supply bills, and that but little new legislation will be introduced is the prediction of Congressman John J. Esch, who will leave for Washington tomorrow.

"It is likely," said Mr. Esch today, "that attempts will be made to put several bills through the senate which have already passed the house. The most important of these is the bill creating a federal department of labor. This bill which has passed the house, will be introduced in the senate. If it is passed there it will create a new cabinet office. Another bill that will be introduced if passed will prohibit the shipping of liquor into prohibition states."

Mr. Esch declared that the division in the senate may result in the progressive republicans holding the balance of power. There are now 48 republican and 48 democratic senators but according to Mr. Esch there may be at least six bull moose senators in the next senate, if Senator Moses Clark of Minnesota, and Senator Crawford of South Dakota can be called bull mooseers.

last quarter and Sparta recovers. two forward passes were no good and Nichols punted to Reget who returned the ball 15 yards. Strum returned the kick to Evans in the center of the field. Another forward pass was attempted but was intercepted by a La Crosse man. On a cross buck Wiebrecht makes 10 yards. A forward pass, Strum to Bruha, netted 30 yards, which brought the ball to the Sparta 25 yard line. Another pass to Fay took the ball to the Sparta five yard line. Wiebrecht took the ball to the one yard line and Strum took it over center for another touchdown. Wiebrecht heeled the kick out and Noem kicked goal. La Crosse 30, Sparta 7.

Sparta received the kickoff and were unable to return it very far as they were downed on the 20 yard line. On two tackle over tackle plays Dickens gained ten yards. Colwell, who took Wiebrecht's place here, added seven yards on two cross bucks. Another spectacular forward pass, Strum to Bruha, advanced the ball 15 yards more. Two cross bucks by Colwell took the ball 12 yards to the 5 yard line. Reget, the sensation of the day, went through tackle for the last touchdown of the day. Noem missed goal. La Crosse 36, Sparta 7.

Ball on 1 Yard Line

Sparta returned the kickoff to the 40 yard line. Several plays took the ball to the local 45 yard line. Sparta punted to Strum, who brought the ball back to the 30 yard line. Young went to left half. Young fumbles and on the next play repeats but recovers and gains 20 yards. Strum punted to Jefferson, who in a most spectacular run, returns the ball 60 yards to the local one yard line, where with one more down to make the goal and the locals fighting like demons to avert another score, time was called which ended the best game of football on the local gridiron this year.

The power of the governor to declare martial law and the validity of the entire military commission will be attacked.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made
from Garden Sage, Re-
stores Color to Gray
Hair

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair. Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent, O. T. Erhart.

PHILIP BOUFFLEUR DIES AT VIROQUA

VIROQUA, Wis., Nov. 29.—Hon. Philip Bouffleur died at his home here Saturday night. Mr. Bouffleur was born in Prussia in 1829. For eight years he served in the Thirtieth Infantry Division of the Prussian army. He came to America in 1854 and with the exception of three years has spent his life since then in Vernon county. He was postmaster in Springville for nineteen years and was also engaged in the mercantile and shoemaking business.

Four children mourn his death, Will Bouffleur, of Salem, Ore.; Dr. Albert Bouffleur of Chicago; Herman Bouffleur of Seattle, Wash., and Mrs. Pete Oetfahl of this city.

Rev. Perry of St. Paul was in the city during the earlier part of the week.

Thursday, the Misses Kate Goddell, Esther Butt, Winifred Baldwin and Tilda Omondson entertained the Congregational Aid society.

Miss Caroline Morterud of Westby, was in the city.

Miss Lona Slack, who is teaching at Wausau, is spending her Thanksgiving vacation at home.

Mr. C. W. Graves had business in Evansville.

Miss Ethel Dix returned to her home in Elroy for the Thanksgiving holiday.

Schools closed Wednesday afternoon until Monday for the Thanksgiving holiday.

6 TIMES CONDEMNED NEGRO IS HANGED

WAXAHACHIE, Texas, Nov. 29.—Burrell Oates, the negro who holds the world's record for the number of times one man has been sentenced to death, was finally hanged here today. He went to his death smiling and protesting his innocence.

Throughout last night he read the bible and this morning was baptized in a big bath-tub.

Oates' case is one of the most remarkable in the history of criminal procedure. He was tried seven times for the murder of Sol Aronoff in Dallas in 1904. Six times he was sentenced to death and spent eight years in jail while the various trials were pending.

ANNOUNCE WINNERS

MADISON, Wis., Nov. 28.—The state civil service commission has announced the names of the twelve highest in a recent competitive stenographic examination held in all sections of the state. The list is led by Erving J. Koester of Milwaukee, now with the state tax commission. The

rest are: Isadore J. Schulte, Milwaukee; Corn E. Sasman, Neenah; Alfred Lepine, Superior; Arthur E. Tretow, Milwaukee; Lee Pond, Eau Claire; Harry E. Benedict, Neillsville; Edna R. Dunn, Madison; Anna Daly, Grand Rapids; Ralph Runge, Madison; Emil Winter, Milwaukee; and Olive Anderson, Whitehall.

HOUSTON ERECTS
NEW OPERA HOUSE

Ladies' Civic League to Give Dance Following Production of "Polly of the Circus"

HOUSTON, Minn., Nov. 29.—(Special.)—Houston's new village hall and opera house was opened and dedicated Friday evening in a very successful manner, both financially and socially. The largest paid attendance and number of people in the audience marked the opening of this beautiful little gathering place. Over 600 paid admissions and nearly \$300 netted for the benefit of paying off the remaining debt on this hall. Extras have been added to complete the appearance of the interior of the hall. It is the intention of those in charge to produce a benefit play, "Polly of the Circus" at Rushford and Caledonia in the near future. Judging from the success at the start of the new opera house, there will be a good season to come. Numerous people from this section

of the county, also take pride in this very appropriate structure and it will no doubt, be of practical benefit to all who avail themselves of the opportunity to witness the coming attractions, among which are a repetition of the "Polly of the Circus" last evening, and also a dance last night for the assistance of paying off the outstanding debt. Other good attractions have been booked and will no doubt, draw good crowds.

FOR INSTITUTIONS

Women's Reformatory and New Home for Feeble-Minded to Be Demanded

MADISON, Wis., Nov. 28.—The state board of control will appeal to the next legislature for funds with which to build a women's reformatory and a new home for the feeble minded. No other new institutions are needed so urgently as these, it is stated by President Ralph E. Smith of the board. The state has no women's reformatory, the Milwaukee industrial school being in private management but under the board's inspection from time to time. The Milwaukee school, also, is primarily for girls. Women offenders are sometimes sent to houses of the good shepherd in different cities, and the system has long called for change. The beneficent effects of the probation law would be greatly enhanced were the state to maintain a women's reformatory of its own, in President Smith's opinion. The last legislature authorized

the selection of a site for a new home for the feeble minded, and the board will inform the legislature of its choice. Then it will ask the solons for an appropriation sufficient to build the structure. The home for the feeble minded at Chippewa Falls is taxed to its fullest capacity and one of the board's hardest tasks is

the disposition of applications for entrance to the institution. Hence the necessity for another building.

No COME-BACK
When S.S.S. CuresThere is no "come back" when S. S. S. cures Contagious Blood Poison because this great blood remedy so thoroughly cleanses the circulation that not a particle of the old virus is left. After the blood has been purified by S. S. S., this vital fluid is as free from infection as it was before the disease was contracted. One reason why S. S. S. is so successful in the treatment of Contagious Blood Poison is that this medicine strengthens and builds up the stomach and digestive members while it is purifying the blood. Thus all the systemic strength is left to assist in the elimination of the virus. S. S. S. is the one certain cure for this powerful blood disorder. This claim is not based upon the treatment of a few cases here and there, but its success extends over a period of more than forty years. During this time thousands upon thousands have found a cure by the use of this great remedy and all were willing to testify that there was no "come-back" after S. S. S. had driven the virus out. S. S. S. does not contain a particle of harmful mineral; it can be used with perfect safety by any one. Home Treatment Book and any medical advice free to all.

DR. ALLEN'S WIVES GRANTED DIVORCES

Della French Allen, wife of Dr. Ralph Allen, who was sentenced to the penitentiary by Judge E. C. Higbee two weeks ago for enticing Lydia Nelson of St. Paul, to this city, was granted a divorce in circuit court late Wednesday. Mrs. Allen testified that she had been married to the clairvoyant in a suburb of St. Louis about two years ago.

Berdina Peuffahl Allen, of Reedsburg, also appeared in court and was granted an annulment of her marriage to the "doctor." She produced a certificate showing that a marriage ceremony had been performed in St. Paul last spring.

Frank Withrow, attorney for the complainants, applied for a division of the defendant's property, seeking a means of support for Della French Allen and her child. No decision

has as yet been rendered in regard to his property.

ECZEMA

Also called Tetter, Salt Rheum, Pruritus, Milk-Crust, Weeping Skin, etc.)
ECZEMA CAN BE CURED TO STAY, and when I say cured, I mean just what I say—CURED, and not merely patched up for awhile, to return worse than before. Remember I make this broad statement after putting ten years of my time on this one disease and handling in the mean time a quarter of a million cases of this dreadful disease. Now I do not care what all you have used, nor how many doctors have told you that you could not be cured—all I ask is just a chance to show you that I know what I am talking about. If you will write me TODAY, I will send you a FREE TRIAL of my mild, soothing, guaranteed cure that will convince you more in a day than I or anyone else could in a month's time. If you are disgusted and discouraged, I dare you to give me a chance to prove my claim. By writing me today you will enjoy more real comfort than you had ever thought this world holds for you. Just try it and you will see I am telling you the truth.

HIGH LIVING AND POOR NOURISHMENT

When your food does not nourish you, the blood is thin or impure. Unless the blood is pure, assimilation, the final step of digestion, is imperfectly done and the body poorly nourished. Every day instances of lack of nourishment because of thin or impure blood are seen in children, who eat almost continually yet do not grow; in convalescents from the grip, fever, or some other serious disease, who remain pale, weak and debilitated; in persons who are run down through overwork or worry and are unable to get back their strength.

Before the body can be properly nourished, the blood must first be cleansed, built up and made fit to work. Dr. Williams' Pink Pills for Pale People will do this more quickly and effectively than any other medicine. They contain the very elements which the thin blood lacks. Not only do they strengthen the stomach but they build up the blood so that it gets full nourishment from the food.

Mrs. Jennie Temple, of No. 106 North Main street, Fond du Lac, Wis., says: "I was a great sufferer from stomach trouble, caused by overwork, for about two years. My appetite was very poor and I could not eat much of anything. No matter what I ate, my stomach became sour and gas would form on it, causing shortness of breath and affecting my heart. I had to diet and eat only the lightest food. For months I did not know what a good night's rest meant. I had frequent dizzy spells and would faint at the least excitement. My head ached almost continually and my heart action was slow and irregular. I was weak and thin and in every way was extremely wretched."

"I had begun to despair of getting well until I gave Dr. Williams' Pink Pills a trial. Before I had taken the pills a month I felt much better, both mentally and physically. My nerves became stronger, my heart action was more steady and the distressing symptoms were lessened. My appetite increased and I soon became well and strong. Since using the pills I have regained my weight. I can truthfully say that I think Dr. Williams' Pink Pills are the very best medicine any person suffering as I did, can take."

Send today for the free booklet, "What to Eat and How to Eat." Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

SPOTLIGHTS

Coming to the theater on next Sunday, matinee and night, with an admirable cast, and elaborate scenic production, is "The Girl and the Drummer," an American play of real heart interest, exactly as played over three hundred times in New York and Chicago.

The plot of the play in brief is as follows: Mary Miller, a young country girl is led astray by J. Burton Downs, a New York business man, while boarding at her mother's house in a little town in Colorado. She accepts his proposal of marriage believing him to be a bachelor, but later, upon going to New York finds that he is already married. Tom Shanley, the "Drummer" and adopted son of Mr. Downs, falls in love with her. She conceals this dark page of her life and agrees to marry him, providing he will give up his position with his foster father and take her away where they will never come in contact with him. This he gladly consents to do, and they are married and move to a ranch in New Mexico. After three months of perfect happiness, Mr. Downs appears and threatens to tell her husband all unless she leaves with him at once. Tom returns unexpectedly, just as they are about to leave together. He then learns the story of his wife's downfall, and also learns that J. Burton Downs was his own father. The moral motive of the play is contained in Shanley's words, "A pardonable mistake or sin becomes an unpardonable crime when hidden until marriage saddles it irrevocably upon another."

Mr. Fred Byers who plays the part of the drummer has made an enviable reputation for himself in prominent productions. Miss Floy Mann, a well known, clever, young actress of engaging personality has been especially engaged to portray the difficult role of "The Girl." Thos. R. Scott as that "Fresh Englishman" is said to keep his audience in one continual uproar of laughter. George F. Hershough, Mabel Bentley, Harry Schemmerhorn and J. H. Hackett, complete the cast.

Scenes of idyllic beauty will be presented by Lyman H. Howe at the La Crosse Theater Saturday and Sunday, Dec. 7 and 8, commencing with Saturday matinee, during a delightful pictorial tour on some of the quaint rivers of France. The views are remarkable not merely because of their infinite variety but still more so since they are reproduced in the myriad hues and tints of nature. The subtle delicacy of nature's own colors is shown so accurately that the views seem scarcely short of miraculous. The same may be said of the scenes of historic Versailles and "In and Around Paris."

Whaling, the burial of the Maine, the bee industry, a thrilling race between a hydroplane and an 800 horse power motor boat in the harbor of Monaco and an exciting adventure with a ferocious lion are only a few of the other features on a program that is entirely new, excepting only that amazing botanical study entitled "The Birth of Flowers," which Mr. Howe will present again in response to popular demand.

There is so much to do in this world that we wonder anyone ever pieces quilts.

DEMAND TO KNOW ITALY'S POSITION

Socialists Want Rome Government to Tell of Arrangement with Austria

ALBANIAN SITUATION TROUBLING

Would Know if Italy Will Support Austria Against Russia

ROME, Nov. 29.—What sort of an understanding concerning Albania exists between Italy and Austria? The Italian socialists are exceedingly anxious to know. Deputy Leonida Bissolati, socialist and labor leader in the Italian parliament explained why today, in the following signed interview given to the United Press by Leonida Bissolati:

"Whoever wishes to grasp the real reason why Austria feels itself defeated along with the Turks by the Balkan allies has only to raise his glance, so that it will embrace the entire effect of the situation created by the near eastern war."

"A powerful new political organization is about to be formed just across the Austrian frontier—an organization in which the Slav element will predominate. With such an organization perfected, it would at once become a center of attraction for the Austrian Slavs."

"There is nothing for Austria to do but to prevent the formation of the new Slav state—by diplomacy if possible but by force of arms if necessary."

"Austria's business, therefore, is to find a way of intervening in the Balkans to the detriment of the Slav element. Intervention by itself alone and against all Europe would be impossible, however, so Austria plans to secure the intervention of all three nations of the triple alliance—Austria, Germany and Italy."

"If this plan is to succeed, it must be accepted by Italy and as Italy has some interests in Albania, the maintenance of Albanian integrity has been made the pretext for intervention. Should Italy insist on this point jointly with Austria, Germany will also be dragged into the situation, not because it is interested in Albania, but for the reason that Italy, by placing itself in opposition to the rise of Slav power will antagonize Russia and be forced to bind itself more firmly to the triple alliance."

"Albania just now is part of the territory in which the allies' armies are entitled to freedom of action. No European nation which wishes to remain faithful to the principle of peace among the powers can take the initiative in coercing the Balkan states concerning Albania."

"Whatever the Italian government's attitude toward Austria's attempt to present the rise of the Slavs, I feel I can say that the great majority of the Italian people and a great majority of all lovers of liberty and progress throughout the world demand that the Balkan nations be allowed whatever rights they won, as well as a free opportunity for the greatest growth and development of which they may be capable."

GAVE HIM NEW LIFE

James H. Clark of Lowell, Mass., Says Father John's Medicine Has Done His Throat Trouble More Good Than Anything He Has Ever Taken

I have suffered all my life from throat troubles and asthma which I inherited from my father.

Sometimes the asthma has been so bad that for weeks I could not go to bed.

About all the money I could earn was spent for doctor's fees, but none of them seemed to do me much good. Since I began to take Father John's

Medicine, it has given me new life, and it has done me more good than anything I have ever taken. I am taking this wonderful medicine right along and am sure that it is going to cure me. All my family takes Father John's Medicine, and we would not be without it in the house. It keeps us well and free from coughs and colds. (Signed) James H. Clark, 440 Central Street, Lowell, Mass.

If you have any difficulty in getting Father John's Medicine from your druggist write to Father John's Medicine, Lowell, Mass., enclosing \$1.00 for a large bottle by express prepaid.

POSTOFFICE MEN'S DANCE DRAWS CROWD

A record breaking crowd attended the first of a series of dances given at Linker's hall by the La Crosse mail clerks and letters carriers last night. At 8 o'clock the dancers began to fill the hall and continued until over 325 couples had passed the door. This is the largest attendance at any dance given in the Linker hall in years.

The hall itself was beautifully decorated with the national colors suspended from the ceiling and numerous streamers of various hues blending with the other decorations added much to the beauty of the hall. The Kreutz orchestra of ten pieces furnished the music.

The purpose of the dance series which is given under the auspices of the mailmen, is to raise funds for the state convention which will be

held in La Crosse next summer. The mail clerks and carriers have already made arrangements for a dance to be given in the Linker hall New Years afternoon and evening. The dancing will begin at 3 o'clock in the afternoon and will continue until midnight.

DEATH RATE LOW IN BADGER STATE

Saving in Infant Life Reduces Mortality in Wisconsin This Summer

WHITE PLAGUE TOLL IS LOWER

Decrease of 69 Is Noted in the Deaths Due to Forms of Tuberculosis

MADISON, Wis., Nov. 29.—During July, August and September, 1912, 5,949 deaths were reported to the state bureau of vital statistics by the various local registrars. This is exclusive of stillbirths and represents an annual death rate for the state of 9.98 per thousand estimated population. This rate is compared with that of 11.87 for 1910, and 10.57 for 1911, being considerably lower than both. This marked decline in the death rate is due almost entirely to the great saving in infant life during the summer months, the bureau adds. There were 273 less deaths among children under one year of age during the quarter than for a similar period last year. This will account for practically all of the decrease in the number of deaths recorded and shows that a great advance has been made in knowledge of the care of young children during the hot summer months. Deaths of children under one year number 1,118 during the period. An examination of the causes of death reveals that in nearly 50 per cent of the cases the children died as the result of ignorance regarding proper care and feeding.

Increase in Few Diseases

Comparison of deaths from certain diseases for the third quarter of 1912 with a similar report for 1911 shows an increase in the number as follows: Whooping cough 10; meningitis 22; influenza 5; periperal septicemia 2. There was a decrease in the deaths reported from the following diseases: Pulmonary tuberculosis 34; other forms of tuberculosis 35; typhoid fever 19; diphtheria 16; measles 6; pneumonia 30; cancer 87; violence 9.

Comparing the number of deaths by age groups, the report shows a decrease of 273 in the number of children under one year of age, of 26 in the age group from one to four years, and of 40 in the number of deaths of persons 65 years of age and over.

Important causes of deaths and their number were: Pulmonary tuberculosis 421; other tuberculosis 67; typhoid fever 51; diphtheria 42; scarlet fever 33; measles 9; whooping cough 51; pneumonia 220; diarrhea and enteritis under two years 352; meningitis 105; influenza 10; periperal septicemia 18; cancer 395; violence 487; and stillbirths 377.

The northern section of the state has a death rate for this period of 8.4 per thousand estimated population, while the rate for the central section is 9.38 and in the southern section 11.1.

Deaths By Violence

Of the deaths from violence, 119 resulted from accidental drowning; 82 from suicide; 76 from railroad accidents; 30 from accidental burns and scalds; 22 from accidental gunshot wounds; 19 from accidental poisoning; 16 from accidents due to

CONWAY IS INDICTED

CONFESSED SLAYER OF MISS SOPHIA SINGER AND HIS WIFE CHARGED WITH MURDER

CHICAGO, Nov. 28.—An indictment charged Charles Conway, the circus clown and "wooden legged" high diver, and Beatrice Ryall Conway, vaudeville actress and lion tamer, with the murder of Miss Sophia Singer, the Baltimore heiress, was returned before Judge Korman yesterday. The two were held without bail.

The Singer woman was murdered on Oct. 28. Her body, bound and gagged, was found in a rooming-house. She had been stricken on the head with a door knob wrapped in cloth. Her money, about \$45, and clothing belonging to her and to her

TEACHERS UNIONIZE

MADRID, Nov. 28.—Inspired by the recent railway strike the schoolmasters of Spain are organizing themselves into a union. Their purpose is to make an energetic demand for better salaries. TO GIVE STATUE TO GOVERNMENT

Wife Gives Cast of Late Col. W. F. Vilas to Vicksburg National Park

MADISON, Wis., Nov. 28.—A bronze statue of the late Colonel William F. Vilas, postmaster general and secretary of the interior in President Cleveland's cabinet, will be informally presented by Mrs. Vilas and her daughter, Mrs. L. M. Hanks of this city, in the Vicksburg National Military park on November 30. On March 18, 1899, General William J. Rigby, chairman of the Vicksburg National Military Park commission, wrote Mrs. Vilas requesting that a bronze statue of Colonel Vilas, modeled in heroic size, be placed in the park.

The statue is by Adolph A. Weinman of New York city. It shows Mr. Vilas as he was at the siege of Vicksburg, in the uniform of lieutenant colonel. A large granite base, approached by a flight of steps, is the foundation for the granite pedestal upon which the statue stands.

The inscription proposed by General Rigby and submitted to the secretary of war and approved by him, is as follows:

WILLIAM F. VILAS
Lieut. Colonel Commanding
23rd Wisconsin Infantry
During the
SIEGE OF VICKSBURG IN 1863
PRESENTED BY
MRS. WILLIAM F. VILAS
And Their Daughter
Mary Esther Vilas Hanks.

The location selected as being most suitable is at the junction of Union avenue and Baldwin's Ferry road, immediately in front of the left of the camp occupied during the siege of Vicksburg by the 23rd Wisconsin infantry, of which Colonel Vilas was commander.

At the informal presentation of the statue on the thirtieth by Mrs. Vilas and Mrs. Hanks, they will request that the memorial be accepted by the war department for the United States.

Recovered From Severe Lung Trouble

While we all know that plenty of fresh air and good food are necessary to persons suffering from lung trouble, something more is needed to bring about full health. Eckman's Alternative is a medicine for throat and lung troubles, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefitting otherwise should at least investigate what it has done for others. It may be the means of restoring you to health. Investigate this case:

"Madison Lake, Minn.
"Gentlemen:—In December, 1908, and March 1909, I was taken with hemorrhages of the lungs which confined me several weeks, each time to my bed. These left me very weak and I coughed at nights and could not sleep. My appetite also failed me. My doctor advised me to go west. So, in September, 1909, I planned to go, but I had four more hemorrhages, which put me in bed for three weeks.
"In November I started for Denver, Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alternative. In about two months I began to feel better. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alternative for my health. If I can help any other person suffering from Tuberculosis, I will gladly do so."
(Sworn Affidavit)

"PAUL L. FASNAUGHT."

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in up-building the system. Does not contain poisons, opiates or habit forming drugs. For sale by Geo. Surprise Your Friends with novel dainties that are easily and quickly prepared. Wilburcocoa can be used in so many attractive and appetizing ways, not only for delicious drinks, hot or iced, but in the preparation of dainty desserts, cakes, candies and puddings that are wholesome, inexpensive, easy to make and of great food value.

WILBURCOCOA Sandwiches
½ cup Wilburcocoa 1 cup pulverized sugar ½ cup boiling water
½ teaspoon salt
Mix the sugar and boiling water in bowl (place bowl in pan of boiling water); then add the Wilburcocoa and salt, stirring very hard; when smooth, remove from pan of hot water, stirring five minutes; when cool spread on thin slices of bread and roll or put between Graham crackers. It takes the place of cake and is very easily made, wholesome and nutritious.

"Cooks' Tours Through Wilburland" tells of many other palatable sensations which you may enjoy at little expense and with great benefit to yourself and family. Ask your grocer for it or write us for a copy.

GOVERNOR'S MEET PROGRAM PUBLIC

This Year's Action of Convention Will Be Concerning Legislation Talks

McGOVERN ON THE INCOME TAX

Four Other Important Subjects Will Be Brought Before Forty Executives

MADISON, Wis., Nov. 28.—The official program for the fifth governors' conference to be held at Richmond, Va., December 3-7 inclusive, was announced today by Miles C. Riley, secretary of the conference. This year's program deals with subjects for legislation which will be considered in the various states this winter. Last year the program was devoted entirely to the administrative side of government. It was Secretary Riley's plan to have the conference this year devoted to legislative topics so that laws of a uniform nature may be enacted in the different states.

Mr. Riley said today that the present governors and governors-elect are the active members of the organization and that ex-governors are honorary members. From letters he has received, it is believed about forty executives will attend.

Five important subjects of legislation will be discussed. Governor McGovern of Wisconsin will read a paper on "A State Income Tax." "The Development of Inland Waterways" will be the subject of a discussion by Governor Eugene N. Foss of Massachusetts and Governor Charles S. Deneen of Illinois. "Uniformity of Marriage and Divorce Laws" will be presented in papers by Governor T. L. Oddie of Nevada and Governor James H. Hawley of Idaho. Governor Emmett O'Neill of Alabama and Governor John Burke of North Dakota will present the question of rural credits, to be taken up on Saturday, Dec. 7, at a conference with President Taft in Washington. Governor A. O. Eberhart of Minnesota and Governor Herbert S. Hadley of Missouri will speak on "What the State Can Do to Check the Drift of Population from Farm to City." The meeting will be opened by a discussion of modern penology by Governor John F. Shafroth of Colorado and Governor S. E. Baldwin of Connecticut.

Interspersed in the program are receptions, the most important of which will be held at the executive mansion of Governor William Hodge Mann of Virginia. Saturday, the closing day of the convention, will be devoted to a round table on the new developments in legislation of the states.

EMPLOYEES UNDER ACT

MADISON, Wis., Nov. 29.—Several thousand more employees in Wisconsin industrial enterprises have been added to the list of workmen operating under the workmen's compensation act. Among recent elections are the following: Eslein Sheet Metal works, Milwaukee, 20 to 30 employees; Pittsburg & Ashland Coal & Dock Co., Minneapolis (Ashland), 50 to 60; Oshkosh Grass Matting Co., Oshkosh, 271; Appleton Coated Paper Co., Appleton, 60; Maxwell Geor Co., Racine, 60; Sheboygan Chair Co., Sheboygan, 374; Hoepfner-Bartlett Co., Eau Claire, 100; Milwaukee Stock Yards Co., Milwaukee, 31; Western Electric Co., Chicago, Milwaukee and other places, 52; Eau Claire Trunk Co., Eau Claire, 37; Cream City Lime Co., Milwaukee, 20; A. D. & J. V. Frederickson Co., Madison, 60; Plankinton Packing Co., Milwaukee, 730; Berwind Fuel Co., Chicago (Superior), 85 to 110.

STATE SENDS BUDGET REPORT

MADISON, Wis., Nov. 29. — To enable members of the next legislature to acquaint themselves with the financial affairs of the state in advance of the coming session, the state board of public affairs has sent to all members a copy of the budget report issued at the last session. The public affairs board is now preparing a budget statement for the 1919 legislature in a form much more detailed and elaborate than that shown in the finance committee's report. It is hoped to have this report ready for the session when they assemble in January.

This preparedness will enable the members of both houses to discuss matters of finance as soon as the two houses are organized. The object, it is stated, is to facilitate the work of the lawmakers, make it more accurate and scientific, and shorten the session.

SERVED TERM FOR ANOTHER

PARIS, Nov. 28.—The curious case of one man serving in prison for another has just been revealed through the Bertillon identification system. On examining the records of a prisoner who, under the name of Brecher, had completed a term of thirteen months, M. Bertillon discovered that he was not Brecher at all, but a man named Fedde, who had been sentenced to only ten days' imprisonment. Upon being questioned, Fedde admitted the swapping of identities. The two had shared her same cell. Brecher, who had been sentenced for swindling, told Fedde he was a rich man. "I'll pay you \$100 a month if you will remain in jail instead of me," he said. Fedde bit. When the head warden came to release Fedde at the expiration of ten days, Brecher walked out.

The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Ellwood Sta., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any drugstore can order of wholesaler.

ago? I am nervous, sleepless and have no appetite whatever."

Answer: I shall very gladly repeat the tonic and I am sure that it will help you, as it has many other girls who suffer as you do. Get at any up-to-date drug store the following ingredients: Syrup of hypophosphites comp. 5 ozs., tincture cadomene comp. 1 oz. (not cardamon). Mix and shake well before using. This should be taken regularly and in a few weeks you will have a good appetite and be well and strong.

"Myrtle" writes: "I have never tried anything to reduce my weight but if I could find a safe, harmless remedy I would try it. I am so fat that I am uncomfortable."

Answer: To avoid substitution purchase separately three medicines. Aromatic elixir 5 ozs., and glycol arborene 1 oz. Mix by shaking thoroughly and take a teaspoonful after meals for the first three days and thereafter double the dose. Continue this treatment for several weeks or until you properly reduce your weight.

"Guendaline" writes: "Kindly tell me what to do. I suffer with liver, kidney and stomach trouble. Am constipated and have slight attacks of biliousness."

Answer: For your stomach, liver and kidneys take three grain sulphur tablets, (not sulphur). These little tablets are packed in sealed tubes and contain full directions for using. They will purify the blood and act directly on the liver and kidneys and if taken regularly will gradually effect a cure. I have found these to be the most reliable for ailments that arise from chronic constipation.

"Wife"—Incontinence or bedwetting in children is usually cured by using the following in 10 to 15 drops in water one hour before meals: Tincture cubeba 1 dram, tincture rhubarb aromatic, 2 drams, comp. fluid balmwort, 1 oz. Mix well.

"A. R. T." writes: "I am a constant sufferer of catarrh. It has affected my throat and nostrils to a great extent. It gives me headache and affects my eyes." What would you recommend?

Answer: Use antiseptic Vaseline powder according to the directions given and you will soon be cured of catarrh. I receive hundreds of letters daily from grateful people who have been cured. Purchase a two ounce package of Vaseline powder and take one-half teaspoonful of the powder and one pint of warm water and sniff the water from the palm of the hand into the nostrils several times daily. When the nostrils are thoroughly cleansed apply the following catarrh balm. Mix a teaspoonful of Vaseline powder with one ounce of Vaseline or lard and apply to the nostrils as far up as possible. Do this several times a day and your trouble will soon vanish. It is well to use it occasionally to prevent a recurrence.—Advertisement.

"But, I never got a cent of the money," complained the luckless Fedde.

True Philanthropy.

"Really," began the collector, "I cannot understand why a man of your resources will refuse to pay his honest debts." "Then I'll tell you," said the well-to-do citizen, confidentially, "if I paid up I'd throw you and several others out of work, and I haven't the heart to do it."—Satire.

And a trick man, like a worn out deck of cards, is hard to deal with.

Birds Worthy of Gratitude.

It has been estimated that the birds in the United States save \$200,000,000 worth of crops each year. The two sparrows in Iowa eat 4,666 pounds of weed seed daily. One full-fledged robin will eat 16 feet of caterpillar daily, or about 4,569 individuals a month.

Man's Work and Woman's.

Now the man's work for his own home is, as has been said, to secure maintenance, progress and defense; the woman's to secure its order, comfort and loveliness.

Chicago Grain Review
CHICAGO, Nov. 29.—Wheat futures made a downward swing today in sympathy with the over holiday bullish news. Trading was usually active during the day. Liverpool ruled higher than on Wednesday and reports of torrential rains and much damage to the crops in Argentine failed to get a response on this side. The weather in this country and Canada was ideal and receipts in the northwest were heavy.
Corn was under pressure from the start. Prices were depressed conditions in Argentine being balanced by a favorable weather map.
Oats sold off during the day. December being particularly depressed. Provisions made a steady start, but prices on the late trades were lower.

He Found Them
The recent return from a cruise of the well known Joe Donavaro recalls the story of the way in which he secured his first job. Joe applied to a Boston skipper many years ago for a position on his ship. He asserted boldly that he knew everything which was to be known about a vessel, although he was at that time only a lad of 15.
"Well," said the captain, with a grin, "let's see how much you know. Find me three ends to that rope there and I'll give you a job."
He pointed to a new coil of rope which he had just purchased. Joe eyed the rope a minute and then pointed to the usual two ends.
"There are two of your ends," he said. Then suddenly, before the skipper could stop him, he picked up the rope and heaved it overboard, saying as he watched it disappear: "There's another end to your rope."—Boston Traveler.

RIVERS WANTS TO FIGHT NEW CHAMP

Man Who Beat Mandot Plans to Challenge Ritchie for Title He Won Yesterday

DECISION IN FIGHT POPULAR

All Think that Rivers Deserved to Win, as He Outclassed Mandot

LOS ANGELES, Cal., Nov. 29.—A challenge to Willie Ritchie, new champion lightweight, was the next move planned today by Joe Rivers, following his defeat yesterday of Joe Mandot in twenty rounds of terrific milling. Rivers was confident that he could annex the title which Ritchie won from Ad Wolgast, and he said he intended to go after it in the same spirit that he went after Mandot during the entire fight yesterday.

All through the contest Mandot fought gamely. He made the most desperate stand of his whole career, but he was simply outclassed. Rivers was unmarked at the finish, except for a slight bruise over his left eye. Mandot's nose and lips were bunged and swollen.

There was no division of opinion here today regarding the verdict at Vernon. All who witnessed the battle admitted that Rivers was an easy victor over the New Orleans boxer at nearly every stage of the game.

Rivers, who had shown signs of "slipping" in his recent battles, "came back" suddenly with a wonderful display of science and punching power, presenting an exhibition that surprised his most sanguine supporters. After a careful early battle, the twelfth round on, the Mexican rushed Mandot around the ring fiercely, landing almost at will. He had the southerner all but out in the fourteenth and again in the fifteenth

and sixteenth, but Mandot managed to hang on until the finish. The twentieth round was a pure slugging match, the boxers standing toe to toe and exchanging terrific wallops. Rivers could not put his man out, however, and at the close of the fight the Mexican was awarded the decision.

STUDENTS' DANCE IS ENJOYABLE AFFAIR

The annual high school Thanksgiving dance last night at the Masonic temple was the most enjoyable affair of its kind held this year. There were about seventy-five couples in attendance many of whom were graduates of the school who were home to spend Thanksgiving. The music was of the very best and the committee, composed of Joe Coleman, Harry Marshall and Ed Fox made the room attractive with banners and pretty colored shades on the lights. A substantial profit was realized from the proceeds of the dance which will go to the high school athletic association. The members of the local and Sparta high school football teams were guests at the dance.

MUTUAL BREWING COMPANY LAUNCHED

MILWAUKEE, Wis., Nov. 29.—The Mutual Brewing company was launched at a meeting of liquor dealers at 225 Grand avenue yesterday afternoon, when it was announced that \$100,000 worth of stock had been subscribed, and that the first stockholders' meeting would be held the first week in December, when officers will be elected.

John L. Langan, John Koerner, Edward G. Hunt, Albert Gennrich and B. H. Hammermeister were appointed a committee to canvass the state to interest retail liquor dealers in the company. They will report at a meeting in Eagles' hall Monday afternoon.

CORNELL BEATEN BY PENNSYLVANIA

PHILADELPHIA, Pa., Nov. 29.—Pennsylvania added another victory

to her long string of successes over the Cornell football team by winning the Thanksgiving game on Franklin field Thursday, 7 to 2. It had been snowing for almost ten hours before the game began, and the field was soaked from the slush, causing both teams to frequently miff or fumble the slippery ball. This condition of the field was indirectly responsible for all the scoring.

WOLGAST LOSES TO RITCHIE ON FOUL

The Championship Changes Hands in the Sixteenth Round Yesterday

BATTLE WAS FAVORING RITCHIE

Although Chance Blow Ended Contest "Michigan Wild-cat" Was Near His Finish

SAN FRANCISCO, Nov. 29.—Ad Wolgast is no longer champion of the world.

He lost his title by striking Willie Ritchie a foul blow in the sixteenth round of their battle at Daly City yesterday. Whether Wolgast saw that a knockout was inevitable and preferred to lose his laurels the way he did is an open question. It looked as if the champion was so dazed that he had nothing left but his fighting instinct and was lashing out blindly when he delivered the punch that cost him his crown.

As far as it could be judged Wolgast was a beaten man anyhow. He had dropped once after taking a right hand crack on the jaw. He was staggering around when he fell again without being struck. Ritchie, who was plainly rattled, kept right after Wolgast after the first knock-down but was unable to connect cleanly. It was not so much that Wolgast displayed cleverness in avoiding Ritchie's assault as it was that Wolgast was lurching and reeling in such a manner that Ritchie could not hit surely.

It was like aiming at a swinging target. In any case Wolgast staggered around and Ritchie unloaded volleys of punches on thin air.

The Fight by Rounds

Round one—Ritchie sent left to head. They clinched. Ritchie sent right to the jaw. Ritchie crossed right to jaw and they roughed it in stomach in close quarters. Ritchie uppercut to face with right and left. Ritchie sent a left twice of Wolgast's wind. Wolgast landed righthand right. Just before bell, Ritchie rushed Wolgast, but did no damage. Ritchie's round.

Round two—Wolgast rushed and tried for stomach in close quarters. Ritchie uppercut three times. Wolgast forced, but missed. Ritchie blocked a vicious blow for the stomach. Wolgast is fighting wild, missing in his efforts to land. Wolgast is bleeding at mouth. Wolgast lands light to chin. Wolgast lands left swing to right cheek. Wolgast hooks left and right to face just before the round ended. Round even.

Round three—They clinch. Wolgast lands light left hook to stomach. Wolgast in close pounds stomach. Ritchie uppercuts face with right. Wolgast gets in right with left to stomach and Ritchie came back with uppercut to stomach and head, and had Wolgast in a bad way at the bell.

Fourth round—A lot of blocking opened the round. Wolgast sent a right to the stomach and cheek. Ritchie, by clever blocking, got Wolgast against the ropes and kept him there until the bell. Ritchie's round.

Fifth round—Wolgast did all the forcing, landing rights and lefts to stomach and having Ritchie in a bad way at the bell.

Sixth round—Wolgast continued to force and was stronger, but Ritchie had the better of the last minute.

Seventh round—They boxed at long range, Ritchie having the better of it, but in close Wolgast hooked a left to the nose, bringing blood. Ritchie jabbed face with left. They clinch, Ritchie uppercutting face with right. Wolgast hooks two lefts to the head and right to stomach. Ritchie hooked a right under the heart. Ritchie crossed right to head just before the bell. Wolgast's round.

Round eight—They exchange left hooks to face and clinch. Wolgast got Ritchie against the ropes and tried for a knockout, but missed with both hands. Ritchie uppercut to face with right. Wolgast forced, but was blocked. Wolgast hooked left and right to head, but was blocked and took light uppercut to face in return. Wolgast's round.

Round nine—They clinch. Both try for stomach. Wolgast pounded stomach with left. Ritchie uppercuts

face with right. In a clinch Wolgast fights desperately for head and body. He lands some stiff punches. Ritchie swings left and right to head and had Wolgast in distress, but Wolgast came back with rights and lefts, holding his own till the bell. Even round.

Round ten—They fought close. Wolgast still forcing. Wolgast landed left to stomach and head. Ritchie sent straight right and left to face and right to stomach Ritchie uppercuts face twice with right. Ritchie misses with right and left. They fight furiously against the ropes. Ritchie staggering Wolgast with a right to the head. They clinch. Ritchie pounded head and stomach with right and left. Ritchie's round.

Round eleven—They clinch. Ritchie fighting for the stomach. Wolgast did not relish what was handed him. Wolgast hooks left to eye. Ritchie hooks heavy left to jaw. Wolgast roughs it, but Ritchie blocks him. Wolgast misses three left swings. Ritchie hooks three rights to stomach, following with his left. Wolgast is fighting desperately and throws himself to the canvas. Ritchie hooks two rights to jaw, Wolgast hanging on. Ritchie hooks two lefts to the face. They are exchanging lefts and rights on the ropes at the bell. Ritchie's round.

Round twelve—They rushed into

a clinch. On the break Ritchie hooked a right to the head. Wolgast tried with right and left, but was blocked and Wolgast rushed Ritchie to the ropes. Ritchie meeting him with right and left to the stomach. They are fighting desperately. Ritchie sent another right to stomach and repeated. Wolgast caught Ritchie with a backhand right, but did no damage. Wolgast hooked a left to eye. Round even.

Round thirteen—They are fighting fast. They clinch. Ritchie jabs left to face. He blocks right to head and stomach. Wolgast sends right left to face and misses a terrific right swing to the face. In a clinch, Ritchie sends a heavy left to the stomach. On the break, Wolgast sends his right and left to the stomach. Wolgast tries hard, but was outgeneralized. Ritchie crossing with rights. Ritchie's round.

Round fourteen—Wolgast holding. On the break Ritchie stabs face with left. Ritchie sends a straight left to the ropes with left and rights to the head. Wolgast is fighting desperately with Ritchie pounding his stomach and kidneys. In close, Wolgast hooked a nasty right to Ritchie's eye, puffing it. Ritchie responded with a right hook to the eye. Wolgast's round.

Round fifteen—Ritchie hooks two lefts to the face. Wolgast coming back in the same manner. Ritchie sends a left to the stomach. Wolgast lands a left to the head. Ritchie missed hook to head, but crosses with right. They clinch. Both pound stomach with rights and lefts, each forcing the other back. Ritchie makes Wolgast miss two left swings. They clinched at the bell. Ritchie's round by a shade.

Round sixteen—Ritchie swung right to jaw as they met and Wolgast tottered to the ropes. Ritchie sent the champion to the floor with a right swing. Wolgast came up reeling. Again Ritchie's right shot out and Wolgast was sent against the ropes. Ritchie, however, lacked power to put in a finishing blow. The best Wolgast could do was to close in, stalling all the while, his eyes glazed. With the men locked, Wolgast brought his left up from his side and struck Ritchie low. The blow was clearly discernible and the crowd yelled its protest. Referee Griffin grasped Wolgast, saying: "Do that again and I'll disqualify you."

He had scarcely finished when Wolgast duplicated the punch again, catching Ritchie below the belt. Griffin stopped the fight and promptly awarded the fight to Ritchie.

NOTRE DAME WINS EASILY 69 TO 0

SOUTH SIDE PARK, CHICAGO, Nov. 29.—Notre Dame walked all over Marquette in the annual contest between the two schools here yesterday afternoon. The heavy South Benders ran the ball up and down the field as they pleased and the Milwaukeeans never had a chance.

The crowd which turned out for the game was a big disappointment, as only about 5,000 witnessed the game. Four hundred rooters came here with the Marquette eleven and a like number with Notre Dame. The final score was 69 to 0 in favor of Notre Dame.

ALL STARS DOWN BEAVERS 34 TO 7

MINNEAPOLIS, Minn., Nov. 29.—Using both the old and new style football effectively, the "All stars," former heroes of the gridiron both in the east and west, on Thursday proved that they could "come back" and defeated the Beavers, a professional team, here by a score of 34 to 7. Two touchdowns by Rosenwald and one by Marshall, McGovern and Capron, and four kicked goals tells the story of the "All Stars" victory. The play on which Marshall scored is said to have been the most sensational here in years. Taking the ball from Piekering on a forty yard forward pass, the former speedy Minnesota end ran thirty-five yards to plant the ball behind the goal line. Pudge Heflinger, star of the Yale team, played a great game at guard.
